Instruction to the Authors

The editorial board welcomes original manuscripts from all streams of engineering that are not published elsewhere. The manuscripts are subjected to peer review process; and edited for clarity, consistency and uniformity of the journal style.

Template

***Title:** The title should be as brief as possible but long enough to indicate clearly the nature of the study. Capitalize the first letter of the first word ONLY (place names excluded). No full stop at the end.

****Abstract:** Abstracts should briefly summarize the essence of the paper and state briefly and clearly the purpose, methods, results and conclusions of the work without using subsections. Your abstract should be no longer than 300 words and in 10.5 point.

*****Key Words:** Maximum 6 words or phrases ******Manuscript Structure:**

Include **Introduction, Methodology, Result, and Discussion part of the study**

Introduction: Clearly state the background, objectives and/or rationale of your study.

Methodology: Describe your selection and methods of your observations or experimental subjects clearly.

Results: Present your results in a logical sequence in text, tables and illustrations

Discussion: Emphasize new and important aspects of your study and conclusions that are drawn from them. Compare your results with previous similar studies if any.

Recommendation: Arrange your recommendations in sequence of your objectives

Acknowledgement and appendixes parts are optional

****Referencing

In APA 6th Edition. References cited in the text should be listed in alphabetical order

Other instructions

- The title of papers must be centered with 16 point and bold letters with capitalizing the first letter of each main word.
- Full name of the author(s) and institutional address with the email of corresponding author must be there under the title
- Headings and subheadings, numbered in numerals, should be in 12 and 11 point respectively with bold-faced.
- Papers must be in MS Word in Times New Roman, 11 point, justified in A4 paper size.
- The tables and figures should be clearly marked: each table with self-explanatory notes on the top, and each figure with caption at the bottom.
- Equations should be written in Equation Editor/Math Type, numbered consecutively beginning with (1) throughout the paper. The number should be enclosed in parenthesis and set flush right in the column on the same line of the equation.
